

YORPOWER PETROL GENERATOR

Genset
Model: **YP7800PE**

Continuous Output	5.2kVA	Phase	Single
Standby Output	5.8kVA	Cooling system	Air-Cooled
Frequency	50Hz	Fuel tank capacity	25Litre
Power Factor	0.9	Fuel type	Petrol
Voltage (VAC)	230V	Noise @ 7M	73dB(A)
Voltage regulator	By AVR	Dimension (LxWxH)	710x537x580(mm)
Fuel consumption @ 100% load	3.3L/hr	Gross Weight (Including battery)	88.5kg
AC output	230Vx02		

Engine: YORPOWER, Model: YP170

Type	4 Stroke	Fuel	Petrol
Power output	15HP	Rotational speed	3,000rpm
Number of cylinder	Single	Starting system	Electric (and Recoil)
Displacement	420cc	Oil capacity	1.1Litre
Cooling system	Air-cooled		

Alternator: YORPOWER, Model: YP410-M01

Phase	Single	Voltage regulator	By AVR
-------	--------	-------------------	--------

- Protection system:
 - ◆ Oil alert system: Low lubricating oil pressure.
 - ◆ (Breaker) overload protection.
- Other standards:
 - ◆ Having anti-vibration system between the generator with the surrounding frame.
 - ◆ Battery: 01unit.
